

Biography

ELISABETH MURRAY born 1963 in Vienna Austria. When I was 23 years old I moved to London, then lived in Germany, moved to Brazil, Mexico and for the last 21 years I am resident in São Paulo, Brazil.

Influenced through my travels, various outdoor activities and the love and appreciation for nature I always find subjects to show in my photography that go unnoticed by others. I never try to “invent” my images, they are there, waiting to be captured in a way only I see them.

Although I am a firm believer of nature being all about colors, shadows and light, I sometimes use the contrast of Black and White Photography to express my thoughts and feelings in a particular image, to express my mood and state of mind.
